

# Transitioning to Visual Basic .NET Programming

Introduction.....	1
Why the .NET in VB .NET?.....	2
The Visual Studio .NET Integrated Development Environment (IDE).....	3
Starting Visual Studio .NET .....	3
Creating a Windows Application.....	4
Language Changes .....	6
Variable Declaration and Initialization.....	6
Data Types .....	7
Operators.....	8
Procedures.....	9
Arrays.....	10
Sharing Event Procedures .....	11
Adding Controls During Run Time .....	12
Block Scope .....	13
Exercise 1.....	14
Menus.....	15
Color in Visual Basic .NET .....	16
Creating Custom Colors During Run Time .....	18
Exercise 2.....	19
Fonts.....	20
Exercise 3.....	23
Clipboard.....	24
Exercise 4 (Optional) .....	26
Multiple Forms.....	27
Creating Multiple Forms.....	27
Setting the Startup Form .....	27
Controlling Multiple Forms .....	28
The Show Method.....	28
The Keyword Me .....	29
The Hide Method .....	29
Closing a Form.....	30
Referring to Controls on Other Forms During Run Time.....	31
Exercise 5.....	34
Sequential File Access .....	35
Opening Files: The FileOpen Function.....	35
Closing Files: The FileClose Function .....	36
Writing Data: The Write Function.....	37
Reading Data: The Input Function.....	38

The EOF() Function.....	40
Dialog Controls.....	42
ShowDialog Method.....	42
Properties of the OpenFileDialog Control.....	43
FontDialog Control.....	45
ColorDialog Control.....	46
Exercise 6.....	47
Handling Exceptions.....	48
Structured Exception Handling.....	48
Try...Catch...End Try.....	48
Exercise 7.....	55
Data Access.....	56
Adding a Connection and DataAdapter.....	57
Creating a DataSet.....	59
Filling the DataSet.....	60
Navigation Controls.....	60
Displaying the Current Record Number.....	61
Updating the Data Source.....	62
Exercise 8.....	63
Appendix A: VB 6.0 to .NET Mappings.....	64
CheckBox.....	64
ComboBox.....	64
CommandButton (upgrades to Button).....	64
Form.....	64
HScrollBar & VScrollBar.....	65
Image (upgrades to PictureBox).....	65
Label.....	65
ListBox.....	65
Menu.....	66
OptionButton (upgrades to RadioButton).....	66
PictureBox.....	66
TextBox.....	66
Timer.....	66
VScrollBar (See HScrollBar).....	66
Appendix B: Visual Basic .NET Keywords.....	67
Appendix C: Suggested Object Naming Prefixes.....	68
Appendix D: Upgrade Wizard.....	69
Appendix E: Solutions to Exercises.....	73
Appendix F: References.....	89
