

# Advanced Topics in Flash: Animation

Introduction.....	1
Scrolling Text.....	2
Creating the Fading Text .....	2
Creating the Scrolling Text.....	4
Adding 3D Text with Word .....	6
Exercise 1.....	8
Using the 3D Tools.....	9
Using the 3D Translation Tool .....	9
Using the 3D Rotation Tool.....	10
Perspective Angle and Vanishing Point.....	12
Creating a 3D Animation with Properties.....	13
Exercise 2.....	17
Making a Ripple Effect.....	18
Spinning Lines and Colors.....	21
Creating a Simple Line Kaleidoscope.....	21
Exercise 3.....	23
Working With Shape Hints on a Flickering Flame.....	24
Exercise 4.....	27
Adding a Sparkle Effect.....	28
Working with Motion Blurs.....	30
Using a Blurred Graphic and Tweening .....	30
Exercise 5.....	32
Copying Motion as ActionScript .....	33
Setting Up the Classic Tween .....	33
Copying to ActionScript .....	34
Applying the Motion to Another File .....	34
Inverse Kinematics and the Bone Tool.....	36
Adding an IK Armature to a Shape.....	36
Adding an IK Armature to Symbols .....	40
Applying Vertical and Horizontal Constraints (Optional).....	45

Exercise 6.....	47
Using IK with Several Shapes .....	48
Appendix A: Using the Bind Tool .....	50
Appendix B: Solutions to Exercises .....	52
